RESTAURANTS DU COEUR IS A FRENCH CHARITY LAUNCHED BY FAMOUS COMEDIAN COLUCHE IN 1985 TO OFFERING TO THE POOR HOT MEALS-----

The Restaurants du Cœur (literally Restaurants of the Heart but meaning Restaurants of Love), commonly and familiarly known as the Restos du Cœur, is a French Charity the main activity of which is to distribute food packages and hot meals to the needy. The association does not only target homeless but also all those with a low or very low income (single families, old people with a low pension, young adults...). Now the association also helps people to find housing and supports other projects. This not-for-profit association has the "reconnu d'utilité publique" (recognized as being of public interest) status which exempts

it from specific taxes.-----

The comedian and actor Coluche launched the idea of the Restos du Cœur on 26 September 1985. "I have a little idea, a bit like this... If there are people who would be interested in sponsoring a free soup kitchen, we'd start first in Paris and then spread to France's big cities." The first Resto du Cœur opened on 21 December and soon multiplied all over the country. The goal of the founders was to give away 2,000 to 3,000 meals per day; 8.5 million were distributed in the first winter alone. In 2018, 130 million meals were served. The initiative was supported by a song written by the songwriter and singer Jean Jacques Goldman, called les Restos du cœur, which included some of the lyrics being sung or read out by other celebrities. A televised show allowed the organization to collect several million of Euros.

RESTAURANTS OF LOVE « RESTO DU COEUR » OF HAUTE GARONNE INAUGURATES A RIGHTS OF LOVE TRUCK SERVICE-----

The Restaurants of Love « RESTO DU COEUR » of Haute-Garonne in France, inaugurates their mobile social assistance to the people living in the street (Migrants, homeless people...). This new mobile social service , a new branch of the restaurants of Love the Haute-Garonne, was inaugurated, on November 19, 2018, and is called the "Rights of the Coeur ", their mobile social assistance to the people of La Rue, in the presence of Mr. Daniel Rougié, Deputy Mayor of Toulouse, in charge of Social Affairs, Solidarity and Public Health.-----

The social assistance to the person is not a new activity at the « Restos du Cœur » of Haute-Garonne, whether at the headquarters of the AD31 (Motorway AD31) or in the 36 centers of the restaurants of Haute-Garonne, many volunteers are welcomed, listen, hear and inform people of their rights and guide them, all year long, to the social services or associations of assistance to the person Toulousains or department.-----

In Toulouse, the volunteers of La Rue who provide seven days a week the distribution of hot meals to people on the streets, felt helpless to bring this social assistance to three hundred to four hundred people to which they go each evening to meet.

Most people on the street do not attend any of the centers nor the restaurants. Many have moved away from existing social arrangements and are in a situation of renunciation of their fundamental civil rights. » confessed Dr Francis Bornet.

« The desire to help people at "La Rue" (i.e. in the Street) is in the DNA of the RESTO DU COEUR (Restaurants for Love). About fifteen volunteers responded and considered the necessary solutions for the implementation of "Rights of the Heart". For 3 months, social assistance training for precarious people was dispensed to them weekly.-----

When asked about the partners and others institutions who supporte this new original initiative, Dr Francis Bornet answered : « Their partners in the social services and associations of Toulousain (the SIAO / 115, CAF, France-Horizon association, CIMADE, CPAM; Solidarity Houses of Haute-Garonne) participated. It was a question of adapting the means to comfortably accommodate people in the street, in conditions conducive to the expression of their needs and respecting the confidentiality of the collected. ». The "Rights of Love truck" (DROITS DU COEUR), is essential for the mobility of the homeless people either they are migrants, French citizens, youngsters, yet are living in the streets of Toulouse. This Right Truck Service has been developed by volunteers, with the assistance of CAF Haute-Garonne, donors and the Association of Electricians of the World. » acknowledges Dr Francis Bornet.
