FRENCH HEALTH MINISTRY VERAN PREVENTS THE USE OF ANTI-INFLAMMATORY DRUGS

MAY WORSEN INFECTION OF COVID-19

Paris, Washington DC, 14.03.2020, 15:31 Time

USPA NEWS - THE TAKING OF ANTI-INFLAMMATORY MAY BE A FACTOR FOR AGGRAVATION OF COVID-19 INFECTION

The Minister of Health Olivier Veran advised not to take anti-inflammatory that drugs could be a factor in worsening the infection, Coronavirus, COVID-19. Taking anti-inflammatory drugs (ibuprofen, cortisone ...) "could be a factor in worsening the infection" in patients with Coronavirus, warned health minister Olivier Veran on his Twitter account on Saturday.

Hospitals of Paris (APHP) "never faced a phenomenon of such magnitude", according to Martin Hirsch the director general of the Public Assistance-Hospitals of Paris (AP-HP), Martin Hirsch, affirms, in a published interview Saturday by Le Monde, that his institution has "never been faced with a phenomenon of such magnitude" as that of the coronavirus, but that hospital teams are "ready".

COVID-19 SYMPTOMS COMPARED TO FLU AND COLDS In order to clarify the similarities and discrepancies of the symptoms compared to flu and colds, Agence France-Presse published an infographic on the main symptoms of Covid-19, compared to those of the flu and colds. It is reminded that some people affected by the new coronavirus do not develop symptoms as much. **FIRST CASE TESTED POSITIVE TO COVID 19 IN FRENCH JAIL IN FRESNES-----**

According to the spokesperson for the Ministry of Justice : « The first detainee found positive at Covid-19 in Fresnes jail »

The Chancellery announces that an inmate has tested positive; it is the first case of coronavirus in prison. A Fresnes nurse had tested positive on Friday, FO Penitentiary announced yesterday. "The detainee has not been in contact with other detainees" said. Source : Ministry of Justice. Martin Hirsch the director general of the Public Assistance-Hospitals of Paris (AP-HP), Martin Hirsch, affirms, in a published interview Saturday by Le Monde, that his institution has "never been faced with a phenomenon of such magnitude" as that of the coronavirus, but that hospital teams are "ready".
