Patrick Ollier & JF Carenco unveil the international contest of 112 candidates

Let Us Invent the Grand Paris

Paris, Washington DC, 05.10.2016, 00:53 Time

USPA NEWS - The contest "Invent the Grand Paris" was launched on 18th February and now proves toward success, since more than half of the mayors of the city proposed a project. During the summer, several teams elected metropolitan and state agencies have visited the various proposed sites, until selection.

THE SELECTION OF THE CALL FOR PROJECT SITES IS APPROACHING UNTIL OCTOBER 10TH---------------------------------

With over 7 million inhabitants and its entrepreneurial attractiveness, the first French city launched February 18 last call for international project development of the quality of urban life, to invent new innovative spaces, the models smart and sustainable city. For the first time, mayors gathered to throw together and at the same time these projects at multiple points of the metropolis. This call for unique and innovative projects and bears the mark of consistency and metropolitan identity that is being built and will propose concrete solutions and new social challenges, the challenges of urban change and environmental emergency and adaptation to climate change in the wake of the COP 21. It thus builds a resilient city.

PATRICK OLLIER CHAIRMAN OF GRAND PARIS UNVEILS THE PROGRAMME AT PREFECTURE OF ILE DE FRANCE

He replies "But obviously, we devoted a large communications budget towards administred because as elected representatives we must consult with our citizens, the people and keep them informed of these changes, I am also Mayor Rueil Malmaison, I know the process citizen consultation "To be continued in Part 2
